Members of the Statewide Independent Living Council, staff and consumers of the ten Independent Living Centers from across the Commonwealth will be at the State House as we discuss the valuable services provided to the citizens of our Commonwealth by Massachusetts Independent Living Centers.

The Commonwealth’s 10 Independent Living Centers assist individuals with disabilities to achieve their self-defined goals through peer counseling, skills training, advocacy, information and referral and transitions. Centers serve as a strong consumer voice on a wide range of national, state and local issues. They work to assure physical and programmatic access to housing, employment, transportation, recreational facilities, and health and social services. They have been instrumental in the development of personal care services, and have worked to reduce physical barriers in numerous Massachusetts communities.

For more information, please email info@masilc.org. A bagged lunch will be provided to all participants. This event is supported by the SILC Public Education and Information Committee and the Commonwealth’s 10
